When an athlete does not attend a race and/or leaves a position vacant, they can negatively affect the chances for Nigeria to qualify the maximum number of spots in an IBSEF competition. Thus, any athlete who does not attend a race for which they have been selected, they will be assessed a \$100 fine which must be paid before the next competition. The BSFN President, along with the Head coach and Director of Skeleton, will determine, on a case by case basis, if that athlete's circumstances merit reinstatement to their race opportunities, or if some or all of their races are to be re-allocated to other athletes.
- b. Extreme Circumstances waiver: The Extreme Circumstances waiver pertains to unforeseen circumstances that include, but are not limited to a crash, runner or sled damage, personal situations, etc. The waiver will only be used for an extreme circumstance that will be determined by the Team Selection Committee for races and National Team Trials.

In order for an athlete to submit an exemption request they must have completed a virtual combine for the current season. Following receipt, the Team Selection Committee will review such request for approval or denial. - c. Removal of Athletes: An athlete may be removed from any team for any of the following reasons:
 - 1. Voluntary withdrawal: Athlete must submit a written letter or email to the Head Coach. In the event of a disabling illness or injury to an athlete, the athlete must be examined by a legally licensed physician that is BSFN approved. Should an athlete refuse injury/illness verification by a physician or a BSFN approved physician, then their injury or illness will be assumed to be disabling and they will be replaced. Medical staff at any track at which an athlete is competing can, in the interest of safety, prevent an injured athlete from competing at that event, should they deem that athlete unsafe.
 - 2. Code of Conduct violation: In the event of an excessive or serious violation of the athlete Code of Conduct, an athlete could be removed from a race series or dismissed from the federation. An athlete who may be removed from the Team pursuant to this provision has the right to appeal to the Nigeria Athletes Commission.
 - 3. Anti-Doping violation: An athlete may be removed from any team at any time for violation of IOC, WADA, IBSF, and/or Nigeria National Anti-Doping Committee (NADC) antidoping protocol, policies and procedures. In such instances, the adjudication process will be managed through the NADC.
- d. Replacement of Athletes: The Team Selection Committee will select replacement athletes to the National Team per the Athlete Selection Criteria. An athlete who replaces another athlete does not automatically assume the rank of the replaced athlete.

10. ATHLETE'S RIGHT TO COMPETE

- a. Should an athlete feel his/her right to compete has been withheld, BSFN will help arrange for a grievance procedure for him/her to seek a fair hearing and relief.
- b. If you have any questions regarding your opportunity to compete that are not answered by BSFN, you may contact the Nigeria Athletes Commission President. This position is currently filled by Olumide Oyedeji at olumide.oyedeji@olympian.org.

11. SAVING CLAUSE

The procedures above are based on IOC, IBSF and BSFN rules and regulations as presently published. Any change in the selection procedures caused by a change in IOC, IBSF or BSFN rules and regulations will be distributed to all athletes as soon as possible. The desire to field the most competitive teams for international competition are the guiding principles and will determine the administration of the selection criteria. The National Team Selection Criteria are based on the latest information available to BSFN. However, these criteria are always subject to unforeseen, intervening circumstances (weather, budget, scheduling, war, etc.) and no doubt have not accounted for every possible contingency. In which case, the BSFN staff will administer changes with the utmost reverence for fairness, respect of athletes and for honor of the sport. If a scheduled event cannot be held or must be interrupted, BSFN will first try to reschedule the event. Second, BSFN will try to change the venue but will not guarantee funding for travel to the new venue. Finally, if a venue change is not feasible, ranking will be based first on the portion of that event completed or if no portion has been completed, then ranking will be based on the most recent BSFN National Rankings. These Selection Criteria come into force as of the date of their approval by the BSFN coaching staff, Director of Skeleton and BSFN President and supersede all previous criteria. BSFN reserves the right to change the selection criteria prior to the start of each competition season based on schedules, coaching, logistics, finances, and other limiting factors. The rules in these criteria will be interpreted by the coaching staff, Director of Skeleton along with BSFN President in the way in which they were intended.
